

JASTI PHANI KUMAR

1-72A, Chundurupalli, Bapatla (Mandal), Bapatla District, Andhra Pradesh

📞 9490746146 ✉ jastiphani2@gmail.com

Career Objective

To secure a Web Developer position where I can apply my programming skills, contribute to innovative projects, and grow within a collaborative environment, delivering high-quality solutions that enhance user experience and business success.

Education

VFSTR University	2021 – 2025
<i>Bachelor of Technology in Computer Science and Engineering</i>	<i>CGPA: 6.43</i>
Vignan Co-operative Junior College	2019 – 2022
<i>Intermediate (MPC), Andhra Pradesh State Board</i>	<i>Percentage: 70.8</i>
Sri Chaitanya High School	2017 – 2019
<i>Secondary School Certificate, Andhra Pradesh State Board</i>	<i>CGPA: 9.5</i>

Technical Skills

Programming Languages: Java, Python
Web Development: HTML, JavaScript, JSP
Databases: MySQL
Technologies/Frameworks: Ethereum Blockchain, Smart Contracts

Projects

Decentralized Voting System Using Ethereum Blockchain | *Python, Ethereum, MySQL, Smart Contracts*

- Developed a distributed application (DApp) for secure, transparent, and scalable elections using Ethereum blockchain.
- Integrated ECDSA for authentication, ZK-SNARKs for voter privacy, and SHA-256 for data integrity, achieving high security and anonymity.
- Utilized MySQL for off-chain storage of voter and candidate metadata, supporting 20,000 transactions per minute for scalability.
- Designed a user-friendly interface with multilingual support and accessibility features to enhance voter participation across diverse groups.
- The system ensures real-time auditability, gas efficiency (45,000 units per vote), and supports large-scale elections with over 10,000 concurrent users.

App Rating Prediction | *Python, Machine Learning*

- Created a system to predict Google Play Store app ratings using machine learning algorithms like regression, decision trees, random forests, and gradient boosting.
- Leveraged app metadata (category, size, price, downloads, reviews) to extract features and improve model accuracy.
- Applied feature engineering to enhance predictive power, aiding developers in optimizing app features and user satisfaction.
- The project focused on delivering actionable insights for app developers to improve performance and user experience.

Co-Curricular Activities

- Certified in **Introduction to Internet of Things** by NPTEL.
- Certified in **E-Business** by NPTEL.
- Certified in **Preliminary English Test (Level B1)** by Cambridge University, 2022.
- Certified in **Privacy and Security in Online Social Media** by NPTEL.

Extracurricular Activities

- Coordinated stage and quality management for **Mahotsav** at VFSTR University.

Strengths

- Teamwork
- Hard Working
- Leadership
- Problem Solving

Personal Details

- Date of Birth: 14 December 2003
- Languages Known: English, Telugu, Hindi

Declaration

I hereby declare that all the information provided above is accurate and true to the best of my knowledge.
