

07-10-2026

AnanyaReddy

Computer Science & Engineering Department

Nov 15 - Nov 17

Subject: Invitation to Participate in Web3 Innovate

Dear **Ananya**

I am reaching out on behalf of the organizing committee at VFSTR University to formally invite you and your peers at **Nov 15 - Nov 17** to participate in **Web3 Innovate** our upcoming national-level coding competition.

This year, the primary focus of the hackathon is **Nov 15 - Nov 17**. Given the excellent technical reputation of students from your institution, we believe your innovative problem-solving skills would make a fantastic addition to the event. The competition is designed to challenge developers to build scalable, high-quality solutions that address real-world problems.

Event Details:

- **Event: Web3 Innovate**
- **Dates: Nov 15 - Nov 17**
- **Location:** VFSTR University Campus (Hybrid participation available)
- **Team Size:** 2 to 4 members per team

Participants will have the opportunity to showcase their skills, network with industry professionals, and compete for a prize pool of ₹50,000. Mentors with expertise in web development, machine learning, and blockchain technologies will be available on-site to guide teams through their development phases.

Please find the detailed brochure and registration link attached to this letter. Early bird registration closes one week prior to the event dates.

We look forward to welcoming you and witnessing your technical contributions. If you have any questions regarding team formation or event logistics, please feel free to reach out to me directly.

Sincerely,

Jasti Phani Kumar

RahulSharma

Computer Science & Engineering Department

Nov 22 - Nov 24

Subject: Invitation to Participate in CodeCrafters

Dear **Rahul**

I am reaching out on behalf of the organizing committee at VFSTR University to formally invite you and your peers at **Nov 22 - Nov 24** to participate in **CodeCrafters** our upcoming national-level coding competition.

This year, the primary focus of the hackathon is **Nov 22 - Nov 24**. Given the excellent technical reputation of students from your institution, we believe your innovative problem-solving skills would make a fantastic addition to the event. The competition is designed to challenge developers to build scalable, high-quality solutions that address real-world problems.

Event Details:

- **Event: CodeCrafters**
- **Dates: Nov 22 - Nov 24**
- **Location:** VFSTR University Campus (Hybrid participation available)
- **Team Size:** 2 to 4 members per team

Participants will have the opportunity to showcase their skills, network with industry professionals, and compete for a prize pool of ₹50,000. Mentors with expertise in web development, machine learning, and blockchain technologies will be available on-site to guide teams through their development phases.

Please find the detailed brochure and registration link attached to this letter. Early bird registration closes one week prior to the event dates.

We look forward to welcoming you and witnessing your technical contributions. If you have any questions regarding team formation or event logistics, please feel free to reach out to me directly.

Sincerely,

Jasti Phani Kumar

NithinReddy

Computer Science & Engineering Department

Nov 16 - Nov 18

Subject: Invitation to Participate in HealthCode

Dear **Nithin**

I am reaching out on behalf of the organizing committee at VFSTR University to formally invite you and your peers at **Nov 16 - Nov 18** to participate in **HealthCode**our upcoming national-level coding competition.

This year, the primary focus of the hackathon is **Nov 16 - Nov 18**. Given the excellent technical reputation of students from your institution, we believe your innovative problem-solving skills would make a fantastic addition to the event. The competition is designed to challenge developers to build scalable, high-quality solutions that address real-world problems.

Event Details:

- **Event: HealthCode**
- **Dates: Nov 16 - Nov 18**
- **Location:** VFSTR University Campus (Hybrid participation available)
- **Team Size:** 2 to 4 members per team

Participants will have the opportunity to showcase their skills, network with industry professionals, and compete for a prize pool of ₹50,000. Mentors with expertise in web development, machine learning, and blockchain technologies will be available on-site to guide teams through their development phases.

Please find the detailed brochure and registration link attached to this letter. Early bird registration closes one week prior to the event dates.

We look forward to welcoming you and witnessing your technical contributions. If you have any questions regarding team formation or event logistics, please feel free to reach out to me directly.

Sincerely,

Jasti Phani Kumar
